

Accessories

MAXI - SLIDING EXTENSION TABLE | ETA300

Features

- Huge capacity & easy-to-read calibration scales allow one person to effortlessly cut large sheets
- Table can be locked in position for conventional ripping of wide workpieces
- Table can also slide for use as a panel saw
- The patented rip fence design allows fence settings at all angles. Incorporates work hold-down clamps
- Free-standing outer track allows operator to walk behind the sliding table, in full control
- Dismantles in seconds & takes up very little space, hanging on a wall or standing in a corner
- Handle sheets up to 2400mm x 1200mm with a 1200mm Rip & Cross-Cut capacity
- Built-in fence clamps hold awkward workpieces securely to the table & fence

Compatibility

- Suits Triton Series 2000 and MK3 Workcentres
