

Sturdy saw table with easy-lock rip fence offering 0-450mm / 0-18" cutting capacity either side of the blade and protractor with up to 180° angle adjustment for accurate mitre joints and tapers. Allowing a cutting depth to 52mm / 2" and featuring a transparent blade guard with hold-down fingers, woodworking is safer and more enjoyable with the Triton saw table.

#### See-Through Guard

with anti-kickback fingers  
& dust extraction port

#### Integral Push Stick

ensures safe ripping of large & narrow  
workpieces

#### Protractor with Finger Guide

holds wood in position & provides up to  
450mm / 18" crosscut travel & 180° angle  
adjustment ensures perfect mitre cuts

#### Easy Lock Rip Fence

with 0-450mm / 0-18" capacity on either  
side of the blade

#### Leg Storage

Onboard storage for easy  
portability & compact storage

#### Adjustable Legs

for independent levelling on  
uneven ground
