

Systainer® Storage System T-LOC

Triton's Systainer® is a highly versatile storage system that offers a tough, flexible and convenient method of organising, storing and transporting all your tools and workshop equipment. Made from high-quality ABS for maximum durability and long service-life, Systainer® is available in five sizes to suit almost every requirement at home, on-site or in the workshop. Each unit boasts a T-LOC latch system, which allows Systainer® to be locked, opened and connected using just one hand. Multiple units can be locked and stacked together to form one unit for optimum handling.

Selling Points

- Protect, store, organise & transport tools & accessories quickly & easily
- · Lock, open & connect with one hand
- Stack & latch to create a highly organised work storage unit
- Interlocking latch system allows several units to be moved simultaneously
- High-grade ABS polymer construction for maximum durability & long-life
- Lightweight, impact-resistant & dust/splash proof
- Range of sizes for different applications
- Four product label slots for quick identification
