## MAGNESIUM TRIPLE BLADE WOOD RAZOR | 3BPM

**MAGNESIUM**

### SPECIFICATIONS

Input Power:	750 W
No Load Speed:	16000 RPM
Depth of Cut:	3 mm
Rebate Capacity:	8 mm
Planing Width:	82 mm
Blades:	Solid Reversible TCT
Bevelling Grooves:	3
Chip Extraction:	Left or Right
Tool Weight:	3 Kg

### FEATURES

Magnesium Construction:	For superior strength, lighter weight
3 Blade Drum Design:	Provides a higher rate of material removal for a superior cutting action, reduced vibration and a smoother finish
Large Adjustable Planning Depth 0 - 3mm:	For the removal of up to 3mm of material in one pass
Vertical Centre of Gravity Design:	For improved balance during operation making planing easier and allowing chips to flow freely to the dust extraction port
Metal Alloy Vertical Covers:	For durability and heavy duty use
Powerful 850W Motor:	Allows for heavy duty use including the planing of hard woods
48000 Cuts Per Minute:	For a smoother finish and faster cut especially in hard woods
Adjustable Dust/ Shavings extraction with Dust Bag:	Allows chips to be directed to either the left or the right of the workpiece
Rubber Grip Handles, Switch and Depth Selector:	For greater comfort and control
Fully Cast Base:	Ensures flatness and increases accuracy of cut
82mm Planing Width:	For improved stability and rapid material removal
Power Lock-off Button:	Prevents accidental operation for improved safety

### STANDARD EQUIPMENT

Parallel Fence
Spare Belt
Vacuum Adaptor
Wrench
