

PRODUCT SPECIFICATION SHEET

950W SDS+ 4-FUNCTION ROTARY HAMMER DRILL | MAG950HD

MAGNESIUM

FEATURES

4-Function Selector:	For pneumatic powered chiselling, Chisel rotation mode, Rotary hammer action and Rotation only
Magnesium Construction:	For superior strength, lighter weight and increased durability
Powerful 950W 2.3 Joule Motor:	For high powered drilling
Variable Speed Selection:	For greater control and accuracy when drilling and screwdriving
Hammer Action:	For fast drilling into masonry, concrete and brick
Rotation Only:	For your everyday drilling and screwdriving applications
Power Lock-on Button:	Allows continuous use without having to keep trigger depressed
Reversing:	For removing jammed bits
Rubber Grip:	For improved comfort and control
SDS Chuck:	For fast easy accessory bit changes

STANDARD EQUIPMENT

4 x SDS Plus Drill Bits
Steel Depth Stop
Carry Case

SPECIFICATIONS

Input Power:	950 W
No Load speed:	1100 RPM
Number of Impacts:	5800 BPM
Chuck Type (fitted):	SDS Plus
Maximum Drill Capacity in Wood:	40 mm
Maximum Drill Capacity in Steel:	13 mm
Maximum Drill Capacity in Masonry:	26 mm
Sound Pressure Level:	92.6 dB(A)
Tool Weight:	3.4 kg
