## 210MM COMPACT SLIDE COMPOUND MITRE SAW WITH LASER LINE | SYT210

L A S E R   G U I D E

### SPECIFICATIONS

Input Power:	1400 W
No Load Speed:	5000 RPM
Blade Size:	210 mm
Bore Size:	30 mm
Blade Teeth:	24 TCT
Bevel Cut at 45° x 90°:	35 x 200 mm
Compound Mitre Cut at 45° x 45°:	35 x 140 mm
Mitre Cut at 90° x 45°:	60 x 140 mm
Straight Cut at 90°:	60 x 200 mm
Spindle Lock:	Yes

### FEATURES

Powerful 1400W Motor:	Providing enough power to handle tough timbers and severe cutting tasks
Laser Line Generator:	For improved cutting vision, faster set-up, increased accuracy and safer operation
Single square bar slide system:	For an extended cutting capacity, smoother slide and added stability
Mitre cuts from 0° to 45° left and right:	Greater versatility in all applications
Positive mitre table stops:	Allows fast and convenient setting of common mitre cuts
Bevel cuts from 0° to 45°:	Enable a complete range of bevel and compound mitre cuts
Strong robust alloy construction:	For greater strength and durability
D-handle design with rubber grip:	For improved ergonomics and greater comfort
Spindle lock button:	Allows easy, one wrench blade changes
Dust extraction port:	For a quick connection to a dust extraction system
Lock down facility:	For portability and ease of storage
Carbide tipped saw blade:	Stays sharper longer for an extended service life

### STANDARD EQUIPMENT

Dust Bag
210mm 24 TCT Blade
6mm Hex Key
