

Superjaws XXL is the ultimate portable work station, with its powerful 1 tonne clamping force and controlled clamping pressure. Constructed from tough, powder-coated steel, SuperJaws XXL boasts a 1000mm / 39" clamping width and will securely clamp almost anything from timber and bikes to extra wide items like doors and fence panels. Features include a lock/release switch for fast release of the workpiece, reversible jaws for extra-wide capacity, and foot-operated clamping for hands-free operation. The greater load capacity of 250kg / 550lbs, allows larger workpieces to be clamped.

SUPERJAWS XXL

❖ Selling Points

- Powerful 1 tonne clamping force
- Rugged construction holds up to 250kg
- Reversible sliding jaws allow extra-wide 1000mm / 39" clamping width capacity
- Tripod base with rear foot for stability & safe operation
- Quick-release legs allow setting up and folding down in seconds
- Urethane jaw facings provide a protective, slip-resistant grip
- Lock/release switch allows fast, trouble-free release of the jaws
- Rear leg acts as a handle for easy transportation
