BL4050F

Li-ion battery for 40V max tools

A 5,0 Ah Li-ion battery with a charge level indicator. Powerful general-use battery for 40V max Makita XGT® tools. Ideal for tools with a high power consumption. Charge time approximately 50 minutes with a rapid charger.

Technical specifications

Voltage XGT	✓
Nominal Battery Voltage	40 V
Battery Capacity	5,0 Ah
Energy Capacity	180 Wh
Average Charging Time	50 min
Product Dimensions (L x W x H):	152 x 79 x 92 mm
Product net weight	1,3 kg

User benefits

- Battery level indicator
- Digital communication between tool and battery
- Thanks to the tool-battery communication, in which tool and battery data such as their specifications and status are exchanged, the potential extraction rate of XGT Li-Ion battery is higher than that of LXT Li-Ion battery
- More detailed information on usage history
- Cooling system for maximum battery life
- Developed for products frequently used for continuous operations
- Screw construction allows for easy disassembly for recycling
- Drastically increased water and drop impact resistance compared with that of LXT Li-Ion batteries
- Battery fuel gauge: 4-LED gauge (green), with a check button
