

Antibacterial Hand & Surface Wipes

Big Wash® Hand & Surface Wipes are high performance wipes designed to protect workers & the general public from Community Acquired Infections (CAIs). The wipes help prevent the spread of viral and bacterial infections and are ideal for disinfecting high-touch points like tables, chairs, doorknobs, hand-rails and other high contact surfaces. The pre-moistened wipes consistently deliver the right amount of active ingredient in every wipe to prevent cross-contamination. Big Wash® Hand & Surface Wipes contain no bleach or alcohol and have been dermatological tested making them kind to the skin.

Features
