

# CWRT 1100 & 2000 LTR PRESSURE WASH ROAD TOW BOWSERS

Cold Water Pressure Wash Bowers built for rugged environments to help site managers keep a clean and tidy work site. Clean and muck-free construction equipment and delivery vehicles are so important today to keep our public roads safe and maintain a clean environment to work in. Preventing the dirt from leaving the site can be achieved with Dustquip's range of pressure washer bowers. Options offered on the new range of site and road tow bowers cover airborne dust control, rear spray bar for road cleaning, and hose reel storage with drain cleaning equipment.

## Heavy duty chassis

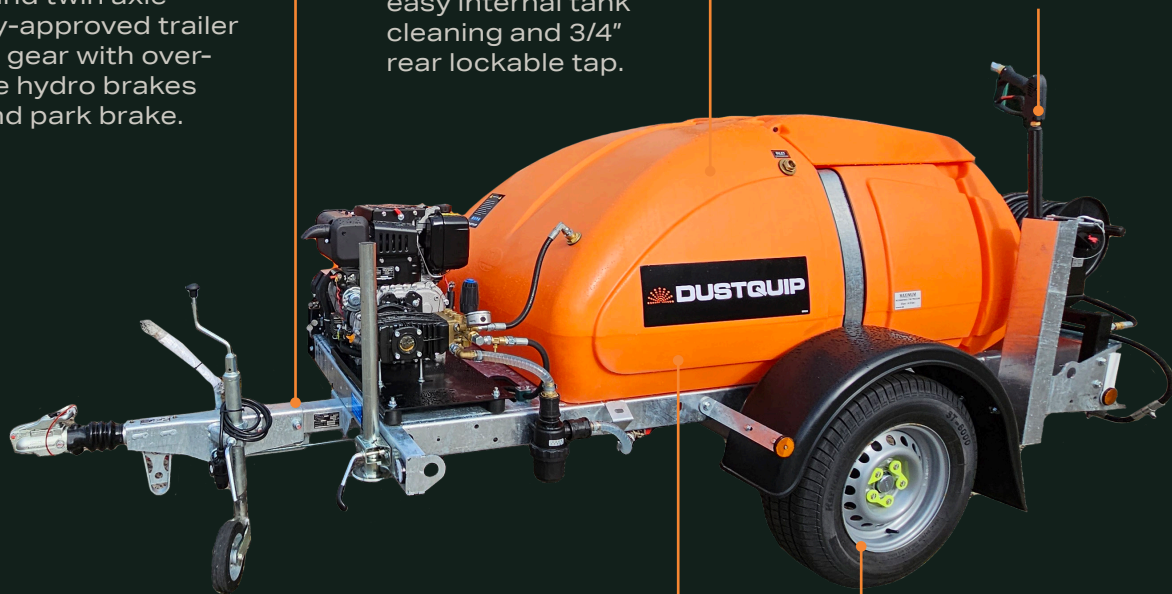

Single and twin axle highway-approved trailer running gear with over-run type hydro brakes and hand park brake.

## Easy Clean

2" fast drain valve for easy internal tank cleaning and 3/4" rear lockable tap.

## Pressure washer

Petrol and Diesel Electric start Engines fitted with industry-recognised gearboxes and pumps.

## 1100 or 2000 Ltr Tank

Polyethylene molded water tank with integral baffles and access chamber. Colour and WRAS approved options.

## ROAD approved

EU approved lighting and type approved.
