

MMT MOBILE MISTING

The MULTIMISTER Static misting pump units are designed for heavy industrial misting or fogging applications. Ideal for cooling, odour control, dust suppression, humidification, and special effects creations. A range of electric powered pump options are built into a secure cabinet with integral control equipment to power misting, fogging and mist cannons up to 70 bar pressure.

Low pressure inlet

With solenoid valve.

Strong cabinet

Heavy duty steel construction and powder coated.

Control

Power switch with protection.

Performance check

Pump pressure gauge.

High pressure outlet

- Heavy duty steel cabinet.
- Inlet solenoid
- On/Off Switch with overload protection
- 6 meter supply lead and plug
- Pressure gauge
- Thermal protection on water pump
- Puncture proof wheels
- 60 and 5 um Filter
- Fogging hose with nozzle protection
