

Wall or bulkhead mounted air compressor, 1.5 HP oil-free

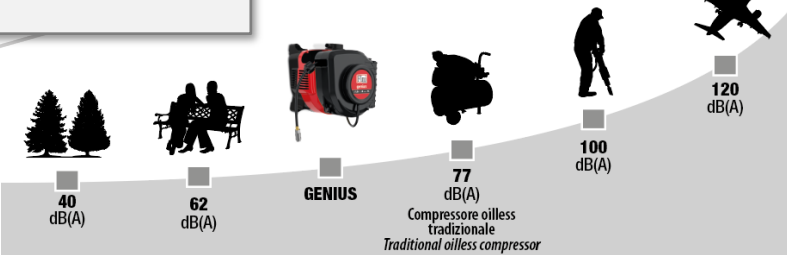

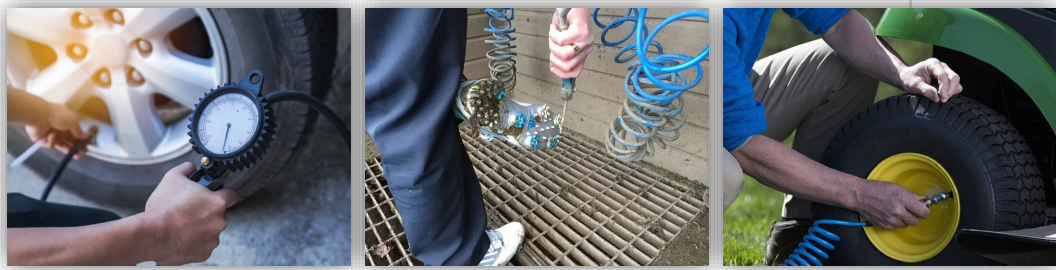

Designed to satisfy the compressed air needs of hobby workers and professionals.

- ✓ **Space saving:** thanks to the simple and intuitive wall installation.
- ✓ **Oil-less technology:** maintenance free. Environmental-friendly.
- ✓ **Ready to use:** simple ON/OFF switch.
- ✓ **Built-in hose reel 9m:** maintains your workspace safer, tidy and clean without the need to move the compressor around the work area.
- ✓ **Safe:** compact and sturdy design. The plastic shroud protects the internal mechanical parts.
- ✓ **Versatile:** Useable with a wide range of accessories and pneumatic tools.

180° hose reel rotation to reach whichever point you wish.

Airline 9m with quick coupling.
