

HIGHLINE[™] TELESCOPIC POLES

Pressure washing at height has a key part in all external cleaning regimes, outward appearances are everything. They say, 'you never get a second chance to make a first impression'.

Pressure washing at height has a key part in all external cleaning regimes and in this current economic climate, which everyone vying for business and trying to draw custom into their shops, outward appearances are everything. They say, 'you never get a second chance to make a first impression'.

The HIGHLINE[™] high pressure poles are designed and built for the most demanding of tasks, with the best for the user in mind. High pressure cleaning tasks up to 4 storeys high can be achieved using the HIGHLINE[™] and Giraffe telescopic poles.

With a selection of nozzles and attachments, these poles offer a solution to almost any cleaning at height challenge encountered. These composite poles offer lightness, yet retain their stiffness and enable a maximum reach of an astounding 42ft.

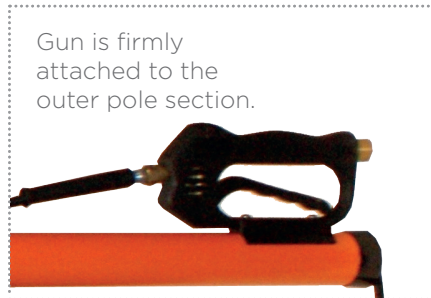

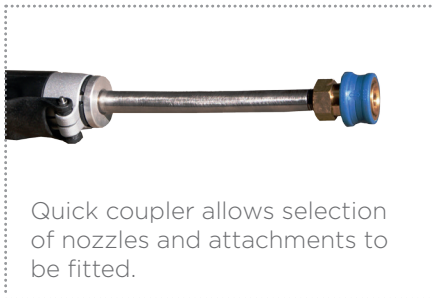

Think you could benefit from HIGHLINE[™]? Call our helpful sales team on 01626 830830 or email sales@varitechsystems.co.uk to discuss your requirements.

THERE ARE CURRENTLY 10 POLE OPTIONS AVAILABLE

CODE	COMPOSITION	NO. OF SECTIONS	MIN LENGTH	MAX LENGTH	ACHEIVABLE HEIGHT	WEIGHT (POLE ONLY)
