

## The Lith Plus **GLORIA** Fire Extinguisher suitable for Lithium-Ion Batteries is here!

Fires and explosions caused by lithium-ion batteries, which are used operationally in work equipment such as drill screwdrivers, laptops, smartphones or flashlights, are increasing continuously. Larger energy storage devices, such as those installed countless times in large electrical appliances, e-bikes and e-scooters, multiply the fire potential. The higher the energy density, the higher the risk.

So play it safe and convince yourself of the new **GLORIA** water fire extinguishers with special suitability for lithium-ion batteries and Cool-Down-Effect.\*
