1	LTC18F	1.8m Long Fixed Platform
3	LTC18T	1.8m Long Trap Door Platform
1		1.8m Long x 1.45m Wide Toe Board set (With Blocks)
6	AGR Frame Assembly	

Advanced Guardrail Tower is another solution to safe tower assembly. Advanced Guardrails cannot be removed without descending and removing the platform first. The ergonomic design lends itself to quick easy assembly and provides collective fall protection before the operator accesses the platform and cannot be removed before the operative descends from the platform.

DETAIL A  
AGR Frame

KM 506338

The specially designed guardrail units can be used in conjunction with our standard Single and Double Width Towers.

- Unique Features Include:
- Fewer components than braced towers reducing losses on site.
- Faster assembly
- Ergonomic easy to use design
- Correct Guardrail heights achieved every time
- Collective protection before the operative accesses the platforms
