

Dmax Extension Ladder

The Product

- Introducing the new Dmax extension ladder from Murdoch International
- Deployable stabiliser bar makes transportation and storage easier than traditional ladders with fixed stabiliser bar
- Comfortable working with a deep 39mm D shaped rung
- Strong ridged profile design helps to prevent dents to stiles
- 10 year warranty

Specification

- Deep 39mm D shaped rung
- 1200mm deployable stabiliser bar
- 300mm rung spacing
- Heavy duty, manual rung lock
- Max folded width 700mm and folded depth 300mm
- EN131 Professional
