PROGUARD E-MAT HEAVY DUTY ACCESS MAT

Product Code	Pricing Unit	Colour	Dimensions	Thickness	Pack Quantity	Pallet Quantity
PGM1	Each	BLACK	1.2M X 2.4M	12mm	1	50

Product Description:

E-Mat Heavy Duty Access Mats are the premier product for temporary access for higher loads up to 80 tonnes. It is a high-quality mat manufactured from 100% recycled HDPE, weighing only 35Kg. This makes them highly versatile and the preferred choice for many large construction sites. E-Mat is also flexible, this allows the mats to conform to the ground underneath, meaning that the surface underneath is more protected.

Benefits:

- 100% recycled material
- Engineered, 2-sided non-slip surface
- Lightweight for manual handling with 2 people
- Prevents environmental and property damage
- Prevents vehicles from becoming bogged
- Allows easier access in poor ground conditions
- Lower weight = lower transport & handling costs
- 100% recyclable
- 6 hand holes allows multiple manual handling options.
- 12 Connection holes for higher stability & security
- Can be used in vehicle and pedestrian access situations.

Application:

Scope out the area/route you will be laying the mats on and remove any large obstacles such as protruding rocks, lay the mats next to each other over the area, if desired, connect the mats together using cable ties or connectors in the corner connecting holes.

Performance Data:

Dimensions	2.4m x 1.2m
Thickness	12mm
Basic Component	100% recycled HDPE.
Max Bearing Load (tons)	60-80
Connecting Holes	12
Hand Holds	6
Weight (Kg)	35
