

# QUATTRO

## Automatic Levelling Laser Level

Red or Green beam

A Horizontal, Vertical and Plumb visible beam Laser Level with fully automatic levelling, available in red and green beam versions.

Available in red or green beam versions, with fast auto levelling. The QUATTRO offers an easy one button set up and has Horizontal, Vertical & Plumb beams for maximum flexibility. Features include an out of level warning indicator to show if the Laser has been disturbed or knocked, plus a simple slope facility in manual mode. The Quattro kit includes a remote control for easy use when the Laser is out of reach. A dual sided display Laser Detector and Clamp plus a Wallmount & Magnetic Target are supplied. The Quattro is able to use standard Alkaline or rechargeable batteries, inserted through the base of the Laser. Rechargeable batteries are charged via the built in charging socket - no more expensive battery packs!
