

Safety dispenser

Product code: Disp01

Overview

The safety dispenser provides easy access to safety equipment such as ear plugs, protective eyewear and hair nets, and can also act as a safe container for battery disposal. Like the recycle bin, up to two dispensers can attach to the Skipper post & base system via its collar. As part of the modular waste and safety management system, the dispenser can also be screwed to walls, attached to magnetic surfaces, suctioned to glass and high gloss surfaces, tied to pillars and much more.

Key selling points

- Versatile design allows the safety dispenser to attach to almost any surface
- Available in a range of lid colours (orange, green, red, blue, silver)
- Flexibility in attaching allows essentials to be placed where most needed, eliminating waste motion and increasing productivity

Key features

- Connects to the post & base collar, cord strap clip, wall clip and suction pad bracket
- Connects to a range of Skipper products
- Large translucent capacity for visual stock management

Depth: 263mm 10.4"	Weight: 740g 26.1oz

2 safety dispensers can be attached to the Skipper post and base system via the post & base collar.

Product FAQs

Q. What should the dispenser be used for?

A. The safety dispenser creates convenient safety stations that can attach to almost any surface in seconds. It can be used across a range of sectors including cleaning & hygiene, utilities, facilities management and construction.

Q. Where should I put it?

A. Completely versatile, you can fill your Skipper safety dispenser with all safety essentials such as eye protection, ear defenders or overshoes for the workplace. Alternatively, it could be used as a collection point for wristbands, batteries, or even ballot papers.
