

TUFVAC30H - 110/240V AUTOMATIC SELF CLEANING WET AND DRY VACUUM CLEANER

WHY BUY?

The TUFVAC30H is a professional-grade vacuum cleaner designed for construction sites, workshops, car body shops, and various craft applications. It features a large filtering surface and offers excellent performance with both fine and wet dust. The HEPA filters can be cleaned automatically without interrupting operation when clogged. Its advanced electronic system ensures a soft start for the suction motor, automatic shut-off when the tank is full of liquid, and an AUTOMATIC STARTER function for use with electric or pneumatic tools.
