

CONE SAFETY LIGHTS

WIDE & NARROW

DURABLE SAFETY LIGHTING FOR TRAFFIC CONES

There are two sizes that insert from the top, using rubber collars for increased grip, to fit entry holes from 24mm up to 50mm in diameter. Smaller cones can benefit from the security disk, which is fitted from the underside and locks the light in a tamperproof position.

- + 360 Degree polycarbonate lens for maximum visibility
- + Integrated photocell (Light sensor activated by darkness)
- + Alternate on/off switch
- + Robust polycarbonate suitable for industrial applications
- + Hexagon security screws (Tool provided)
- + Easily installed or moved with use of security disk underneath
- + Sealed against dust and water - IP54
