

Cellmax

Short Description

Cellmax is sturdy rubber duckboard that provides excellent rigidity due to its solid cellular construction. The straight edge product design allows the mats to be joined together to cover large areas, and the slip resistant surface is ideal for use in wet areas.

Product Images

Description

- Economical rubber duckboard matting, offering comfort and safety
- Straight edges allow mats to be joined in both directions using connectors, to cover large areas around machinery
- Drainage holes and raised studs allow fluid and debris to fall through, leaving a clear surface
- Designed to withstand industrial use over a long period
- Ideal for use in wet industrial areas and walkways
- Cellular slip-resistant surface
- Overall height 23mm

Additional Information

Specifications

Wear Resistant	Wear resistant surface to Level 3
Anti-Fatigue	Anti-fatigue protection to Level 3
Slip Resistance	Slip resistance Level 3
Connectable	Mats are connectable and join together
Wet Area	Suitable for use in wet areas

Environment

Wet Zone	Wet Zone
