

# Interflex Splash

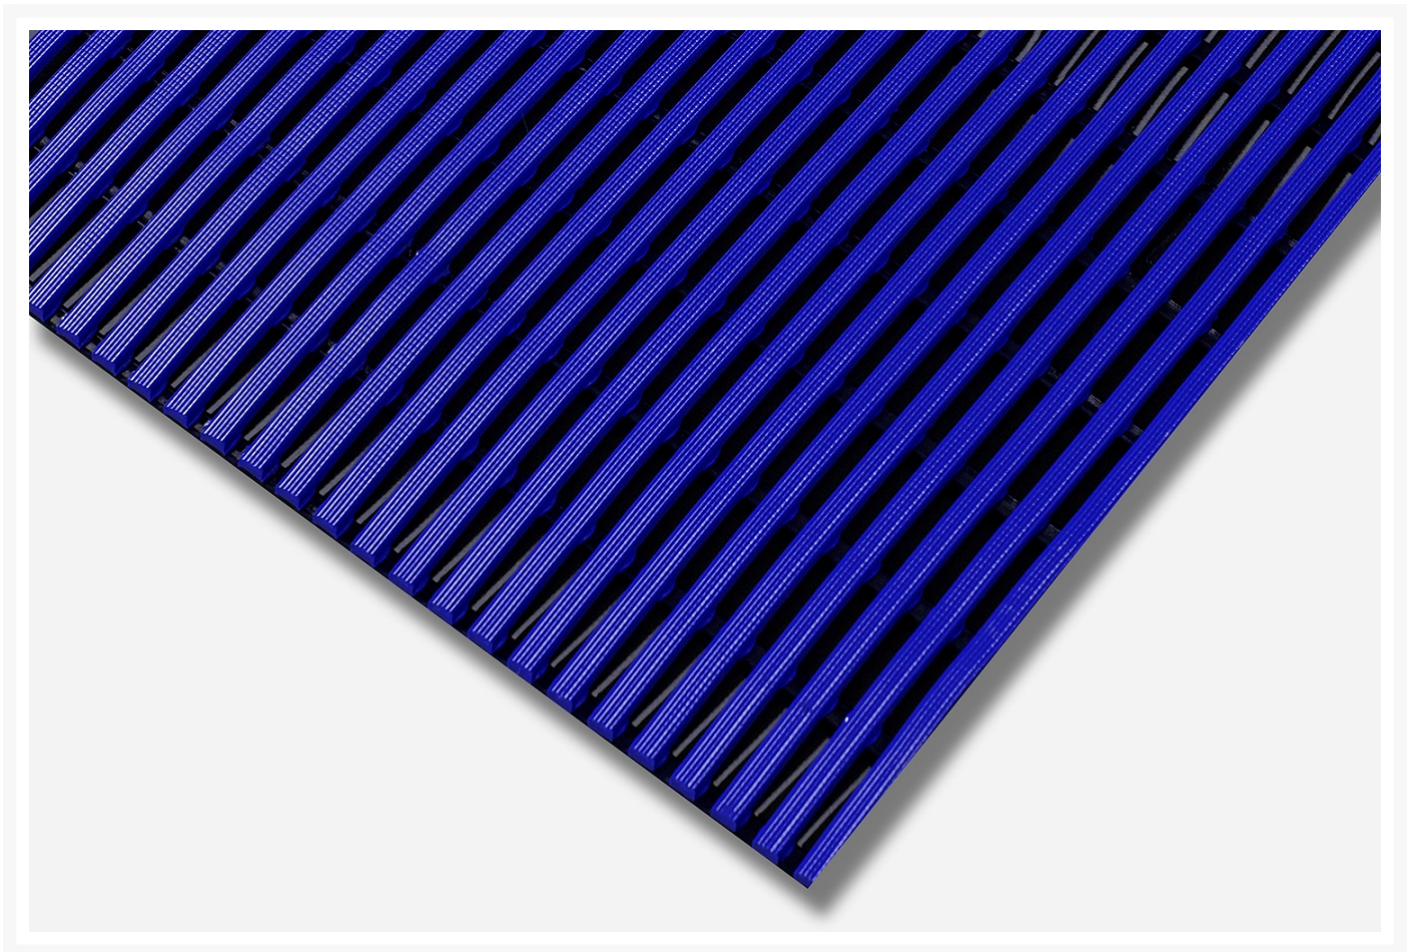

## Short Description

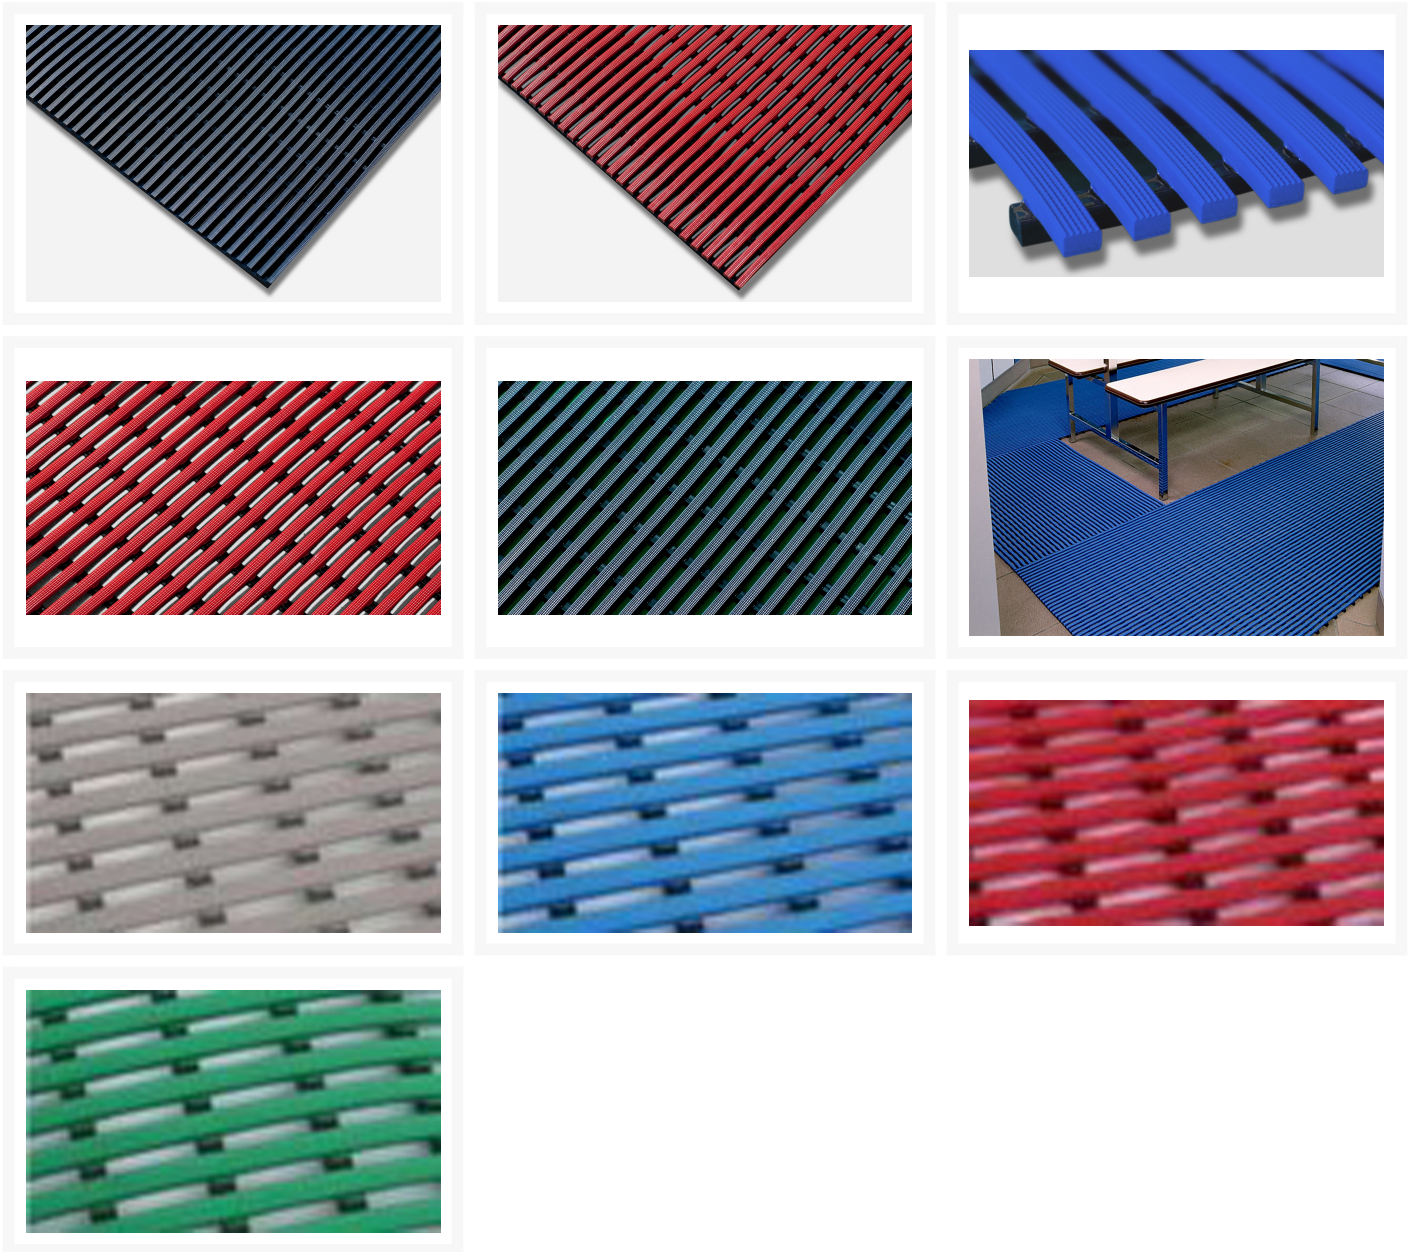

---

Interflex Splash is a highly slip resistant and hygienic mat designed for use in wet areas such as swimming pools, changing and locker rooms and various other health facilities. The strong non-porous PVC duckboard construction, keeps the surface of the matting free from puddling water and helps maintain a safe and comfortable floor area. Interflex Splash is resistant to bacterial and fungal growth, and can be used in both indoor and outdoor environments.
