

THE **RIGHT TOOL** FOR THE JOB...

...THE NEW LYTE **HIPOD** PODIUMS

- ✓ Tested and certified by BSI to the new PAS250 standard, the Lyte HIPOD is considered best practice for low level access work at height
- ✓ Provides an economic and efficient alternative to powered low level access
- ✓ Available in platform heights of 950, 1200 and 1500
- ✓ All 3 sizes easily fit through a standard door way when fully assembled
- ✓ Very easy and quick to assemble
- ✓ Cleverly positioned ballasts eradicate the need for stabilisers or an extended footprint
- ✓ Totally collapsible for ease of use, transportation and storage
- ✓ Easy to manoeuvre and put in position for any job
- ✓ Easily interchangeable antislip feet with castors means it does not require any tools when assembling
- ✓ Each HIPOD has a primary and secondary height, giving the user even more flexibility
