

CHAIN MORTISER

7104L

Based on the current model 7104L, its specifications have been upgraded to meet the European standards. The front cover has been added to enclose the cutter chain. Some electrical parts have been changed to comply with the electromagnetic compatibility-requirement.

This tool is ideal for making mortises and notches quickly. Pivoting chain bar enables an operator to make a 130mm long rectangular hole in three cutting processes without reclamping a workpiece.
