

22.2CC HEDGE TRIMMER

EH6000W

Models EH6000W are double-sided blade petrol hedge trimmers equipped with the 22.2mL 2-stroke engine that is in compliance with all known exhaust emission regulations, the same one as used for EH7500S. The main feature of these models is extra light design with further improvements in noise, vibration and handling for environment and human friendliness.

Other benefits are: *Longer lubrication cycle obtained by circulating grease in gear housing. *Shear blade with 3 sharpened edges and stain-free blade surface of glittering silver provide long lasting, smooth cutting.

TECHNICAL SPECIFICATIONS

Engine	2-Stroke
Cubic Capacity	22.2 cc
Blade Length	60 cm
Blade type	Double Sided
Horsepower	1.0 hp
Fuel Tank Capacity	0.4 litres
Fuel Mix	50 : 1
Power Rating	0.68 kW
Cutting diameter	21.5 mm
Net weight	5.0 kg
Noise sound pressure	92.8 dB(A)
Noise sound power	103.2 dB(A)
Noise K factor	2.2 dB(A)
Vibration: Left Handle (Front grip)	2.8 m/sec ²
Vibration: Right Handle (Rear grip)	2.7 m/sec ²
Vibration K factor	1.1 m/sec ²

USER BENEFITS

- Environment-friendly 2-stroke engine developed in compliance with: CARB tier 3, EPA phase 2, EU stage 2 safety regulations of the EC directives
- Stain-free shear blade surface of glittering silver obtained by non-electrolyzed nickel plating that features high anti-abrasion surface for long lasting coating
- 5-Position rotating rear handle can be locked at 0 degree and 45/90 degrees left and right for vertical or angled trimming
- Forward exhaust direction for operator's health and comfort
- Specially designed engine: has a low centre of gravity that provides better balance to the machine
- Equipped with floating structure of engine section and handle section for anti-vibration; four damper springs absorb vibration from engine to integrated front and rear handles
