SMD INSPECTION LIGHT

Selectable modes for either a wide or narrow beam, the flood inspection now features 8 x Surface Mounting Diodes (SMD) and a spot beam for torch function. The integrated magnetic back and foldable hanging hook giving a choice of mounting options. Manufactured in heavy duty rubber casing with a virtually unbreakable polycarbonate lens, it is shock, water and oil resistant with an IP54 rating.

SMD INSPECTION LIGHT	
 8h 4h	 0.252kg
	
Run time	8h 4h
Battery	3.6V 2Ah Li-ion
Product weight (kg)	0.252
Boxed weight (kg)	0.650
Charge time	4h
Product size (mm)	L235 x D40 x H40
Boxed size (mm)	L275 x D176 x H69
Part No.	NSSMD-INSP
