

Baridi Flush Button for Cabinet Cistern

Models: DH409, DH410, DH411

Thank you for purchasing a Baridi product. Manufactured to a high standard, this product will, if used according to these instructions, and properly maintained, give you years of trouble free performance.

Important Information

Please read these instructions carefully. Note the safety requirements, warnings & cautions. Use the product correctly and with care for the purpose for which it is intended. Failure to do so may cause damage and/or personal injury and will invalidate the warranty. Keep these instructions safe for future use.

Refer to
instruction
manual

• Safety - Installation

- Keep children and pets away from work/installation area.

• Product Care

- To maintain the surface finish, the faceplate should be cleaned with a mild detergent with warm water and a soft, damp cloth.
- **DO NOT** use any abrasive cleaning products or abrasive cleaning tools.

• Installation Guidelines

- **IMPORTANT:** The following instructions are intended as a guide only as installation requirements and methods will vary.
- **IMPORTANT:** Check compatibility and dimensions with the cistern assembly and fittings before installation.
- The flush button can be front, side or top mounted. Refer to diagrams A and B for surface or flush mount options.
- Refer to cistern manufacturer's instructions for correct connection to the cable operated valve.

A Surface Mount Fitting

Ø16mm hole

Mounting surface thickness: 1.5mm to 20mm

B Flush Mount Fitting
