# 16" QUIET HIGH PERFORMANCE OSCILLATING PEDESTAL FAN 230V

MODEL NO: **SFF16Q**

Thank you for purchasing a Sealey product. Manufactured to a high standard, this product will, if used according to these instructions, and properly maintained, give you years of trouble free performance.

**IMPORTANT:** PLEASE READ THESE INSTRUCTIONS CAREFULLY. NOTE THE SAFE OPERATIONAL REQUIREMENTS, WARNINGS & CAUTIONS. USE THE PRODUCT CORRECTLY AND WITH CARE FOR THE PURPOSE FOR WHICH IT IS INTENDED. FAILURE TO DO SO MAY CAUSE DAMAGE AND/OR PERSONAL INJURY AND WILL INVALIDATE THE WARRANTY. KEEP THESE INSTRUCTIONS SAFE FOR FUTURE USE.

Refer to  
instructions

## 1. SAFETY

### 1.1. ELECTRICAL SAFETY

- ☐ **WARNING!** It is the user's responsibility to check the following:
  - ✓ Check all electrical equipment and appliances to ensure that they are safe before using.
  - ✓ Inspect power supply leads, plugs and all electrical connections for wear and damage.
  - ✓ Ensure that the insulation on all cables and on the appliance is safe before connecting it to the power supply.
  - ✗ **DO NOT** use worn or damaged cables, plugs or connectors.
  - ✓ Ensure that any faulty item is repaired or replaced immediately by a Sealey qualified technician.
  - ✓ If the cable or plug is damaged during use, switch off the electricity supply and remove from use.
  - ✓ Sealey recommend that an RCD (Residual Current Device) is used with all electrical products.
- Important:** Ensure that the voltage rating on the appliance suits the power supply to be used and that the plug is fitted with the correct fuse.
- ✗ **DO NOT** pull or carry the appliance by the power cable.
- ✗ **DO NOT** pull the plug from the socket by the cable.

**NOTE:** If an extension reel is used it should be fully unwound before connection. A reel with an RCD fitted is preferred since any appliance plugged into it will be protected. The cable core section is important and should be at least 1.5mm<sup>2</sup>, but to be absolutely sure that the capacity of the reel is suitable for this product and for others which may be used in the other output sockets, we recommend the use of 2.5mm<sup>2</sup> section cable. If extension reel is to be used outdoors, ensure it is marked for outdoor use.

### 1.2. GENERAL SAFETY

- ✓ Disconnect the fan from the mains power when not in use and before servicing or performing any maintenance.
- ✓ Use the fan in dry areas only. **DO NOT** use in wet or areas with high condensation such as showers, pools etc.
- ☐ **WARNING!** If a fan falls into water or other liquid, switch off immediately and disconnect from the electric power supply. **DO NOT** touch the fan until the mains power supply has been disconnected.
- ✓ Always disconnect the fan from the power supply when moving it from one location to another and ensure fan is stood a level surface.
- ✓ The fan air flow is powerful. Before use ensure that there is nothing nearby that will be damaged or displaced by the stream of air.
- ✓ Keep the fan clean and maintained in good condition. For motor service contact an authorised service agent.
- ✓ Use recommended parts only. Unapproved parts may be dangerous, and will invalidate your warranty.
- ✗ **DO NOT** operate the fan where there are explosive or flammable gases, fumes or other hazardous substances.
- ✗ **DO NOT** stand the fan on the power cable.
- ✗ **DO NOT** insert any objects through the fan guard.
- ✗ **DO NOT** cover the fan when in use.
- ✗ **DO NOT** immerse the fan in water or any other liquid.
- ✗ **DO NOT** allow children to operate the fan.
- ✗ **DO NOT** stand the fan where it may be knocked over or off a surface, or where the lead may cause a person to trip.
- ✗ **DO NOT** use the fan outdoors.
- ✗ **DO NOT** modify speed control or attempt to fit any additional external speed control device to the fan.
- ✓ When not in use place the fan in its original box, or otherwise cover, to protect from dust and store in a safe, dry, childproof location.

**NOTE:** This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.

## 2. INTRODUCTION

High performance pedestal fan with advanced aerodynamic blades for maximum air movement. Quiet operation and high durability motor. 5-Carefully programmed modes which include - Sleep/Calm/Refresh/Cool/Power. Offers quiet oscillation and adjustable fan head allowing great airflow in any room. Additional features include an 8hr timer, auto-dimming LED control panel and fully functional remote control and remote storage. Metal grill and height adjustment up to 1.4m(55"). Ideal for home, bedroom and office environments. Weighted base for extra stability, tool-free and easy-to-assemble.

### 3. SPECIFICATION

Model No:.....SFF16Q  
Fan Diameter: .....Ø400mm(16")  
Speeds:.....5  
Speed Range:..... 600/700/800/900/1000rpm  
Power:.....50W  
Supply:..... 230V~50Hz  
Maximum Flow Rate (F):..... 57.42 m³/min  
Fan Power Input (P):.....41.7W  
Service Value (SV):.....1.38 (m³/min)/W  
Standby Power Consumption (Psb): .....0.16W  
Seasonal Electrical Consumption (Q): ..... 16.2kWh/a  
Fan Sound Power Level (Lwa):.....53dB(A)  
Maximum Air Velocity (c):..... 2.9m/s

### 4. ASSEMBLY

- 4.1. Fix mounting column (fig.1.3) securely to the base (fig.1.2) using the locking mechanism (fig.1.1).
- 4.2. Place the motor assembly (fig.1.5) onto the mounting column (fig.1.3) and secure in place using the locking ring (fig.1.4).
- 4.3. Place the rear grill (fig.1.6) onto the motor housing and align it with the three raised knobs on motor housing.
- 4.4. Secure the grill in place using the mounting nut supplied (fig.1.7).
- 4.5. Align the fan blade with the motor drive shaft and secure in place using the retaining nut (fig.1.8). Tighten the nut in an anticlockwise direction as it has a left hand thread.
- 4.6. Press the front cover onto the rear cover such they clip together.
- 4.7. Place the fastening clip (fig.1.9) around the join line of the two covers and tighten in place using the screw clip at the base of the fan guard.

### 5. OPERATION

- 5.1. Ensure that the fan is switched off before connecting the electrical supply.
- 5.2. To turn the fan on, press the power on/off control button (fig.2.1).
- 5.3. To select fan speed, press the speed control button (fig.2.2). To cycle through the 5 speed settings, press the button repeatedly. The selected speed will be illuminated (fig.2.5).
- 5.4. To select auto-off time, press the timer button (fig.2.3). Press once for 1 hour, twice for 2 hours, three times for 4 hours and four times for 8 hours. The selected time will be illuminated (fig.2.4). The final press will turn off the timer.
- 5.5. To engage the oscillation feature, depress the knob (fig.1.11) on the top of the motor unit. To disengage the feature, raise the knob.
- 5.6. The angle of tilt of the fan can be adjusted by loosening the clamp (fig.1.10).
- 5.7. The height of the fan can be adjusted by loosening the locking ring (fig.1.4).
- 5.8. The remote control requires 3 AAA batteries (not supplied). All functions work identically to the manual controls.

### 6. MAINTENANCE

- ❑ **WARNING!** Turn the fan OFF and disconnect from power supply before cleaning.
- 6.1. Use only a soft, damp cloth to clean the fan.
  - \* **DO NOT** immerse the fan in water and **NEVER** allow water to drip into the motor housing.
  - \* **DO NOT** use solvents or other chemicals to clean the fan.
  - 6.2. To clean the fan blades, remove front guard by reversing the procedure in sections 4.6 and 4.7. Clean, then reassemble front guard.
  - 6.3. When not in use, place the fan in its original box or otherwise cover to protect from dust and store in a safe, dry childproof location

#### ENVIRONMENT PROTECTION

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain any fluids (if applicable) into approved containers and dispose of the product and fluids according to local regulations.

#### WEEE REGULATIONS

Dispose of this product at the end of its working life in compliance with the EU Directive on Waste Electrical and Electronic Equipment (WEEE). When the product is no longer required, it must be disposed of in an environmentally protective way. Contact your local solid waste authority for recycling information.

**Note:** It is our policy to continually improve products and as such we reserve the right to alter data, specifications and component parts without prior notice.  
**Important:** No Liability is accepted for incorrect use of this product.

**Warranty:** Guarantee is 12 months from purchase date, proof of which is required for any claim.
