

# GAS WELDING GOGGLES

MODEL NO: **SSP5.V2**

Thank you for purchasing a Sealey product. Manufactured to a high standard, this product will, if used according to these instructions, and properly maintained, give you years of trouble free performance.

**IMPORTANT:** PLEASE READ THESE INSTRUCTIONS CAREFULLY. NOTE THE SAFE OPERATIONAL REQUIREMENTS, WARNINGS & CAUTIONS. USE THE PRODUCT CORRECTLY AND WITH CARE FOR THE PURPOSE FOR WHICH IT IS INTENDED. FAILURE TO DO SO MAY CAUSE DAMAGE AND/OR PERSONAL INJURY AND WILL INVALIDATE THE WARRANTY. KEEP THESE INSTRUCTIONS SAFE FOR FUTURE USE.

## 1. INTRODUCTION

Shade 5 welding lens with indirect ventilation in goggle frame. Suitable for gas welding. Conforms to BS EN 175 and BS EN 169.

**Notified Body:** 2797.

**Type Examination Certificate Number:** CE 691450.

**Carried Out By:** BSI Group The Netherlands B.V.

## 2. SAFETY

**CAUTION:** this welding goggle does not provide unlimited eye protection. For your own protection read these instructions completely before using this eye-protection.

- ✓ Always perform a risk assessment and follow correct health and safety procedures before using this product.
- ✓ No parts of the eye-protector which are in contact with the wearer are made of materials which are known to cause any skin irritation.
- ✓ This goggle has been designed for your personal safety. It must be worn for the whole duration of exposure to hazards.
- ✓ Leave the work area if dizziness or irritation occurs, or if the goggle becomes damaged.
- ✓ The product is for eye protection against moderate impact, but is **NOT** unbreakable.
- \* **DO NOT** modify or alter the eye protector.
- ☐ **WARNING!** Scratched or damaged oculars should be replaced.
- ☐ **WARNING!** Materials which may come into contact with the wearer's skin could cause allergic reactions to susceptible individuals.
- ✓ If the symbols F, B and A are not common to both the ocular and the frame then it is the lower level which shall be assigned to the complete eye-protector.
- ✓ Toughened mineral filter oculars shall only be used in conjunction with a suitable backing ocular.
- ☐ **WARNING!** Eye protectors against high speed particles worn over standard ophthalmic spectacles may transmit impacts, thus creating a hazard to the wearer.

## 3. APPLICATIONS

### 3.1. FIELD OF USE

This welding goggle is designed to protect the user against eye injuries through mechanical impact. The goggle is marked on the ocular and the frame with a series of numbers and symbols to indicate the manufacturer, the field of use, the protection capabilities and performance characteristics of the eye-protector. The marking of the oculars and of the frame are signified as follows:

#### - Cover Lens (dimensions Ø50mm x 2mm)

CE Certification  
 Symbol of protection against high speed particles, medium energy (120m/s)  
 Symbol of protection against high speed particles, low energy (45m/s)  
 Optical class  
 Identification of the manufacturer

#### - Protective Lens (dimensions Ø50mm x 2mm)

CE Certification  
 Symbol of protection against high speed particles, medium energy (120m/s)  
 Symbol of protection against high speed particles, low energy (45m/s)  
 Optical class  
 Identification of the manufacturer

#### - Filters

The use of filters must be EC/EU certified and their dimension must be Ø50mm The scale number must be adapted to the relevant welding process. To know their characteristics of protection, consult the marking and notice of use of the filters.

CE Certification  
 Optical class  
 Identification model from the manufacturer  
 Shade number

## - Frame

CE Certification

Symbol of protection against high speed particles, medium energy (120m/s)

Symbol of protection against high speed particles, low energy (45m/s)

Number of the standard which the product fulfils

Identification of the manufacturer

## 3.2. FITTING INSTRUCTIONS

- 3.2.1. Clean the safety goggles before wearing them for the first time.
- 3.2.2. Slide the goggles over your head. Sit the arched portion between the lenses on the bridge of your nose.
- 3.2.3. Adjust the elastic strap so the goggles are comfortable and sit securely.

## 3.3. OCULAR INFORMATION

- 3.3.1. FILTERS - In order to protect eyes when welding and allied processes, the filters must have the function to against IR. The scale number of filters for product is 5.
- 3.3.2. COVER OCULARS - dangerous gases and spatter material will threat welders, the clear cover oculars can provide some protection against hazards.

## 4. CLEANING

- ✗ **DO NOT** use abrasive materials.
- ✓ Using a soft and clean brush or cloth, use warm suds to wash and clean. Ensure hands are clean (without grease).
- ✓ Materials which may come into contact with the wearer's skin could cause allergic reactions to susceptible individuals.
- ✓ The contact areas should be disinfected regularly.

## 5. STORAGE

- ✓ Store in a bag or case out of direct sunlight, away from chemicals and abrasive substances, in a clean dust free environment.
- ✓ Use original bag for transportation if possible.
- ✓ Protect the goggle from impact. **DO NOT** place heavy objects on top the goggle.

## 6. OBSOLESCENCE

Inspect for damage regularly. If the product shows any signs of damage it must be replaced immediately. The frame and lens of this product, if stored and used correctly, is over 2 years

This document has been drawn up according to Regulation (EU) 2016/425 as amended to apply to GB for Personal Protective Equipment. The declaration of conformity can be accessed at [www.sealey.co.uk](http://www.sealey.co.uk).

### ENVIRONMENT PROTECTION

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain any fluids (if applicable) into approved containers and dispose of the product and fluids according to local regulations.
