Section 1. Product and Company Identification.

1.1 Model Number; SAC9001 v1

1.2 Description; Air Conditioner/Dehumidifier 9,000Btu/hr

Refrigerant: 460g

Sealey Group. Kempson Way, Bury St. Edmunds, Suffolk. IP32 7AR

1.4 Emergency telephone number; 44 (0) 1284 757 500 (Office Hours)

Date of source compilation; 25 May 2006

Section 2. Hazards Identification.

Gas is hermetically sealed and does not present a hazard under normal conditions of use. Inappropriate handling and / or use can cause gas to leak.

Inhalation: Inhalation of vapour is harmful and can cause unconsciousness.

Section 3. Substances.

			Classification	
3.1 Chemical Name (substance)	3.1 CAS No.	3.2 Concentration Volume	Hazard Class & Category Code	Hazard Statements ¹
Difluoromethane	75-10-5	50%	Not classified	-
Pentafluoroethane	354-33-6	50%	Not classified	-

¹For full text of Phrases and Statements, see Section 16.

Section 4. First Aid Measures.

4.1 Description of first aid measures

Inhalation

If inhaled, immediately remove person to fresh air.

If breathing problems persist, call a physician.

Skin Contact

Flush area with lukewarm water.

If frostbite has occurred, call a physician.

Eye Contact

In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. If problems persist, call a physician.

Ingestion

Not a primary route of exposure.

- **4.2.** Most important symptoms and effects, both acute and delayed No information available.
- **4.3.** Indication of any immediate medical attention and special treatment needed No information available.

Section 5. Fire Fighting Measures.

5.1. Extinguishing media

Water spray, water fog, dry chemical, alcohol foam, carbon dioxide.

5.2. Special hazards arising from the substance or mixture

Toxic gases or particles may be formed during combustion.

Hazardous decomposition products include: Carbon dioxide, carbon monoxide, hydrogen fluoride.

These products may cause severe eye, nose, throat and lung irritation or toxic effects.

5.3. Advice for fire-fighters

No information available.

Section 6. Accidental Release Measures.

- **6.1.** Personal precautions, protective equipment and emergency procedures See section 8 for personal protective equipment.
- 6.2. Environmental precautions

No information available.

6.3. Methods and material for containment and cleaning up No information available.

6.4. Reference to other sections

See Section 7 for information on Safe Handling

See Section 8 for information of Personal Protective Equipment.

See Section 13 for information on disposal.

Section 7. Handling and Storage.

7.1. Precautions for safe handling

Avoid contact with refrigerant.

7.2. Conditions for safe storage, including any incompatibilities

No information available.

7.3. Specific end use(s)

Intended for use as the refrigerant for the Model Number identified in 1.1 with Description stated in 1.2.

Section 8. Exposure Controls/Personal Protection.

8.1. Control parameters

In the event of leakage:

Ventilate the area.

8.2. Exposure controls

The use of Personal Protective Equipment (PPE) is not necessary under conditions of normal use.

In case of leakage, ensure that the following Personal Protective Equipment (PPE) is used.

Eye/Face Protection

Chemical grade full face shield

Skin Protection

Nitrile gloves.

Appropriate Personal Protection with long sleeves and long trousers.

Respiratory Protection

Self-contained breathing apparatus.

SEALEY

Section 9. Physical and Chemical Properties.

9.1. Information on basic physical and chemical properties

The following information is not a technical specification or sales specification.

(a) Appearance: Liquefied gas - Colourless.
 (b) Odour: Faint ether-like odour.
 (c) Odour threshold: No information available.

(d) pH: No information available. (e) Melting point/freezing point; No information available.

(f) Initial boiling point and boiling range; - 52.8

(g) Flash point;
No information available.
(h) Evaporation rate;
No information available.
No information available.
No information available.

(j) Upper/lower flammability or explosive limits; No information available.

(k) Vapour pressure; 1.65 MPa at 25°C (l) Vapour density; 2.5 (air = 1)

(m) Relative density;
(n) Solubility (ies);
(o) Partition coefficient: n-octanol/water;
(p) Auto-ignition temperature;
(q) Decomposition temperature;
(r) Viscosity;

No information available.
No information available.
No information available.
No information available.

(s) Explosive properties; No information available. (t) Oxidising properties. No information available.

9.2 Other information No information available.

Section 10. Stability and Reactivity.

10.1. Reactivity10.2. Chemical stabilityNo information available.Stable at room temperature.

10.3. Possibility of hazardous reactions10.4. Conditions to avoidHazardous polymerisation will not occur.The product is unstable at high temperatures.

10.5. Incompatible materials Alkali or earth metals, finely powdered metals (aluminium,

magnesium, zinc) and alloys containing more than 2%

magnesium.

10.6. Hazardous decomposition products

Toxic gases or particles may be formed during

combustion.

Hazardous decomposition products include: Carbon dioxide,

carbon monoxide, hydrogen fluoride.

These products may cause severe eye, nose, throat and lung

irritation or toxic effects.

Section 11. Toxicological Information.

11.1. Information on toxicological effects

No information available.

Section 12. Ecological Information.

12.1. Toxicity
No information available.
12.2. Persistence and degradability
No information available.
12.3. Bioaccumulative potential
No information available.
12.4. Mobility in soil
No information available.
12.5. Results of PBT and vPvB assessment
No information available.
12.6. Other adverse effects
No information available.

Section 13. Disposal Considerations.

13.1. Waste treatment methods

Dispose of in accordance with local authority regulations.

Section 14. Transport Information.

ADR. International Carriage of Dangerous Goods by Road.

14.1. UN number UN 2857

14.2. Name and Description Refrigerating machines

containing non-flammable, non-toxic gases or ammonia solutions

Special Provision 119

Refrigerating machines include machines or other appliances which have been designed for the specific purpose of keeping food or other items at a low temperature in an internal compartment, and air conditioning units. Refrigerating machines and refrigerating machine components are not subject to the provisions of ADR if they contain less than 12 kg of gas in Class 2, group A or O according to 2.2.2.1.3, or if they contain less than 12 litres ammonia solution (UN No.2672).

IATA. International Air Transport Association.

14.1. UN number UN 2857

14.2. UN Proper Shipping Name/Description Refrigerating machines

containing non-flammable, non-toxic, liquefied gas or ammonia

solutions

Special Provision A26 (119).

Refrigerating machines include air conditioning units and machines or other appliances which have been designed for the specific purpose of keeping food or other items at low temperature in an internal compartment. Refrigerating machines and refrigerating machine components are considered not subject to these Regulations if containing less than 12 kg of gas in Division 2.2 or if containing less than 12 L ammonia solution (UN 2672).

IMDG. International Maritime Dangerous Goods.

14.1. UN number UN 2857

14.2. UN proper shipping name Refrigerating machines

containing non-flammable, non-toxic gases or ammonia solutions

Special Provision 119.

Refrigerating machines and refrigerating-machinery components including machines or other appliances which have been designed for the specific purpose of keeping food or other items at a low temperature in an internal compartment, and air-conditioning units. Refrigerating machines and refrigerating-machine components are not subject to the provisions of this Code if they contain less than 12 kg of gas in class 2.2 or less than 12 L of ammonia solution (UN 2672).

Section 15. Regulatory Information.

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture No information available.

15.2. Chemical safety assessment No information available.

Section 16. Additional Information.

Full text of Phrases and Statements used in Section 3;

The above information is believed to be accurate and represents the best information currently available.

No warranty is expressed or implied by the above information.

We assume no liability resulting from use of the above information.

The end user should conduct their own investigations to determine the suitability of the above information for their particular purpose.
