

Section 1. Product and Company Identification.

1.1 Model Number; SAC9002 v3
1.2 Description; Air Conditioner/Dehumidifier 9,000Btu/hr
 170g of Refrigerant R290

1.3 Manufacturer;

Sealey Group.
 Kempson Way,
 Bury St. Edmunds,
 Suffolk.
 IP32 7AR

1.4 Emergency telephone number; 44 (0) 1284 757 500 (Office Hours)

Date of source compilation; Not available

Section 2. Hazards Identification.

2.1 Classification of the substance or mixture.

Flammable gas: Flam. Gas 1
 Gases under pressure: Press. Gas

2.2 Label elements.

Not applicable to the Model Number identified in 1.1 with Description stated in 1.2.

2.3 Other hazards.

No data available.

Section 3. Substances.

3.1 Chemical Name (substance)	3.1 CAS No.	3.2 Concentration Weight	Classification	
			Hazard Class & Category Code	Hazard Statements ¹
Propane	74-98-6	99.0 - 99.9 %	Flam. Gas 1 Press. Gas	H220

¹For full text of Statements, see Section 16.

Section 4. First Aid Measures.

4.1 Description of first aid measures

Inhalation

Prompt medical attention is mandatory in all cases of overexposure of product.
Move the exposed person to fresh air at once.

Skin Contact

Remove contaminated clothing and flush affected area with cold water and soap.
If irritation persists, seek medical attention.

Eye Contact

Remove contact lenses if present and easy to do so.
Wash eyes with plenty of water while lifting the eye lids.
Continue to rinse for at least 15 minutes. Get medical attention if any discomfort continues.

Ingestion

Seek medical attention.

4.2. Most important symptoms and effects, both acute and delayed

No data available

4.3. Indication of any immediate medical attention and special treatment needed

No data available

Section 5. Fire Fighting Measures.

5.1. Extinguishing media

Water, carbon dioxide, dry chemical.

5.2. Special hazards arising from the substance or mixture

No data available

5.3. Advice for fire-fighters

Stop flow of gas with remote valve.
Spray with water to cool exposed containers.
If fire is extinguishing and flow of gas is continuous, increase ventilation to prevent build up.
Extinguish sources of ignition.

Section 6. Accidental Release Measures.

6.1. Personal precautions, protective equipment and emergency procedures

Evacuate personnel from the area.

Ensure adequate ventilation.

Remove / prevent all sources of ignition.

6.2. Environmental precautions

No data available.

6.3. Methods and material for containment and cleaning up

Ensure adequate ventilation.

Remove / prevent all sources of ignition

6.4. Reference to other sections

See Section 7 for information on Safe Handling

See Section 8 for information of Personal Protective Equipment.

See Section 13 for information on disposal.

Section 7. Handling and Storage.

7.1. Precautions for safe handling

Ensure adequate ventilation.

Remove / prevent all sources of ignition.

7.2. Conditions for safe storage, including any incompatibilities

Ensure adequate ventilation.

Store away from all sources of ignition. Store in a cool, dry and well-ventilated area away from heavily trafficked areas and emergency exits. Store upright and firmly secured to prevent falling or knocking.

7.3. Specific end use(s)

Intended for use as the refrigerant for the Model Number identified in 1.1 with Description stated in 1.2.

Section 8. Exposure Controls/Personal Protection.

8.1. Control parameters

In the event of leakage:

Ventilate the area.

Remove / prevent sources of ignition

8.2. Exposure controls

Appropriate Engineering Controls

Use general ventilation to prevent build up of the gas.

Use a hood with ventilation when handling small quantities.

Eye/Face Protection

Safety goggles and/or glasses

Skin Protection

Protective gloves made of plastic or rubber.

Respiratory Protection

Positive pressure air line with full-face mask and escape bottle or self-contained breathing apparatus should be available.

Section 9. Physical and Chemical Properties.

9.1. Information on basic physical and chemical properties

The following information is not a technical specification or sales specification.

(a) Appearance;	Gas
(b) Odour;	Odourless
(c) Odour threshold;	No data available
(d) pH;	No data available
(e) Melting point/freezing point;	-187.6°C
(f) Initial boiling point and boiling range;	-42.1°C
(g) Flash point;	No data available
(h) Evaporation rate;	-104°C
(i) Flammability (solid, gas);	No data available
(j) Upper/lower flammability or explosive limits;	Upper - 9.5% Lower – 2.1%
(k) Vapour pressure;	0.95
(l) Vapour density;	0.58 g/cm ³
(m) Relative density;	No data available
(n) Solubility(ies);	Very Slight
(o) Partition coefficient: n-octanol/water;	No data available
(p) Auto-ignition temperature;	420°C
(q) Decomposition temperature;	No data available
(r) Viscosity;	No data available
(s) Explosive properties;	No data available
(t) Oxidising properties.	No data available

9.2 Other information

No data available

Section 10. Stability and Reactivity.

10.1. Reactivity	No data available
10.2. Chemical stability	Stable
10.3. Possibility of hazardous reactions	No data available
10.4. Conditions to avoid	High Temperatures
10.5. Incompatible materials	Oxidisers
10.6. Hazardous decomposition products	Carbon Dioxide and Carbon Monoxide if insufficient oxygen is present.

Section 11. Toxicological Information.

11.1. Information on toxicological effects
No data available

Section 12. Ecological Information.

12.1. Toxicity	No data available
12.2. Persistence and degradability	No data available
12.3. Bioaccumulative potential	No data available
12.4. Mobility in soil	No data available
12.5. Results of PBT and vPvB assessment	No data available
12.6. Other adverse effects	No data available

Section 13. Disposal Considerations.

13.1. Waste treatment methods
Dispose of in accordance with local authority requirements

Section 14. Transport Information.

ADR. International Carriage of Dangerous Goods by Road.

14.1. UN number	UN 3358
14.2. Name and Description	Refrigerating machines containing flammable, non-toxic, liquefied gas
14.3. Class	2
14.4. Packing group	-
14.5. Environmental hazards	Does not present an environmental hazard.
14.6. Special precautions for user	No special precautions necessary.

Special Provision 291

Refrigerating machines and refrigerating machine components are not subject to the requirements of ADR if they contain less than 12 kg of gas.

IATA. International Air Transport Association.

14.1. UN number	UN 3358
14.2. UN Proper Shipping Name/Description	Refrigerating machines containing flammable, non-toxic, liquefied gas
14.3. Class or Division	2.1
14.4. Packing group	-
14.5. Environmental hazards	Does not present an environmental hazard.
14.6. Special precautions for user	No special precautions necessary.

Special Provision A103

Refrigerating machines and refrigerating machine components are considered not subject to these Regulations if containing less than 100 g of flammable, non-toxic, liquefied gas.

IMDG. International Maritime Dangerous Goods.

14.1. UN number	UN 3358
14.2. UN proper shipping name	Refrigerating machines containing flammable, non-toxic, liquefied gas
14.3. Class	2.1
14.4. Packing group	-
14.5. Environmental hazards	Does not present an environmental hazard.
14.6. Special precautions for user	No special precautions necessary.
14.7. Transport in bulk – Maritime only.	Bulk transport is not applicable to this product

Special Provision 291

Refrigerating machines and refrigerating machine components are not subject to the provisions of this Code if they contain less than 12 kg of gas.

Section 15. Regulatory Information.

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture
 No data available

15.2. Chemical safety assessment
 No data available

Section 16. Additional Information.

Full text of Phrases and Statements used in Section 3;
 H220 Extremely flammable gas.

The above information is believed to be accurate and represents the best information currently available.

No warranty is expressed or implied by the above information.

We assume no liability resulting from use of the above information.

The end user should conduct their own investigations to determine the suitability of the above information for their particular purpose.
