

**CWT is a strip cavity tie with a designed embedment length of 62.5 mm.**

[UK-DoP-h14/0003](#)

## FEATURES

### Features

- Suitable for use with cavities 50 - 150 mm.
- Conforms to PD 6697:2010 as a Type 1 wall tie which can be used for all types of building of any height and location in the British Isles.
- Deep 'V' profiled drip reduces mortar build up during construction and prevents water from crossing the inner leaf of the masonry.

## TECHNICAL DATA
