

The SML (Security Mesh Light) and SMH (Security Mesh Heavy) are a low profile flattened mesh ideal for sandwiching between plasterboard and structural studs or joints to improve resistance to intrusion.

TECHNICAL DATA

SML/H - Dimensions

References	Dimensions [mm]					Weight per Sheet [Kg]
	Sheet Size	Mtl Thickness	LW Aperture	SW Aperture	SD Depth	
SML	1250 x 2440	1.14	43.4	18	2.3	5.78
SMH	2440 x 1220	2.69	42.9	14.2	4.6	25.5
